- Communication, Leadership, Adaptability, Problem-Solving

Projects

Fresh-Bites

- Developed a fully responsive, multi-page recipe and ordering website using HTML, CSS, and JavaScript, ensuring a seamless user experience across various devices.
- Implemented interactive client-side features, including an ingredient quantity selector and robust simulated cart functionality leveraging local-Storage for persistent data.
- Engineered a custom admin dashboard from frontend logic to effectively track user logins and provide a clear overview of order history.
- Enhanced user engagement and navigation through the integration of filterable recipe categories and a dark mode toggle.
- Applied advanced CSS animations and transitions to deliver a polished user interface and significantly improve the overall aesthetic and user experience

Internship

Currently Pursuing the Java Full Stack intern at Q-Spider

Feb 2025– Currently intern
