## Profile Summary

---

Motivated Java Full Stack Developer (Fresher) with a solid foundation in Core Java, SQL, and Web Technologies including HTML, CSS, JavaScript, and React.js. Gained hands-on experience through academic projects and self-learning, focusing on building static and interactive web pages, developing responsive front-end applications, and understanding relational databases. Enthusiastic to contribute to real-world applications.

## Education

---

<b>VTU Belagavi</b> , B.E Computer Science	Dec 2021 - May 2025
• GPA: 8.7/10.0	
<b>RCU Belagavi</b> , PUC Science	June 2019 - May 2021
• Grade : 68.72	

## Technical Skills

---

**Programming Language:-** Java , SQL , HTML ,CSS ,JavaScript , React-js

**Development Tool :-** Visual-code, Eclipse ,GitHub/Git

## Soft Skills

---

Adaptability , Leadership , Problem-Solving ,Communication

## Projects

---

### Fresh-Bites

- Built a recipe and ordering website with multiple pages using HTML, CSS, and JavaScript that works well on all devices.
- Added features like selecting ingredient quantity and a working cart using local-Storage to save data.
- Created an admin dashboard to track user logins and see order history clearly.
- Added filter options for recipes and a dark mode toggle to make the website easier to use and more engaging for users.
- Applied CSS styles and transitions to make the website look better and improve how users interact with it.

### Secure E-voting System using Iris Recognition

- Engineered a secure voting platform using iris biometric recognition and smart card authentication to prevent voter fraud and duplication.
- Developed an integrated identity verification module combining hardware and software to ensure real-time validation and seamless user interaction.
- Applied robust encryption techniques to protect voter data and maintain confidentiality throughout vote casting and transmission.
- Automated vote tallying and result generation processes to improve election accuracy and trustworthiness.

## Internship

---

### SV Mind-Logic: (Front-End Intern)

- Developed Static web applications using HTML, CSS, JavaScript, improving user experience.
- Developed a front-end academic note-sharing platform enabling students to access notes.

### J-Spider: (Ongoing)

Currently pursuing the Java-full-stack-course

## Achievements:

---

- Secured and certified as the best coder of the week in java programming
