Profile Summary

Motivated Java Full Stack Developer with strong skills in Core Java, SQL, and web technologies (HTML, CSS, JavaScript, React.js). Experienced in building responsive front-end applications, interactive web pages, and working with relational databases through academic projects and self-learning. Eager to apply skills to real-world applications.

Education

VTU Belagavi, B.E Computer Science and Engineering

Dec 2021 - May 2025

- GPA: 8.7/10.0

RCU Belagavi, PUC Science

June 2019 - May 2021

- Grade : 68.72

Technical Skills

Programming Language:- Java , SQL , HTML ,CSS ,JavaScript , React-js

Development Tool :- Visual-code, Eclipse ,GitHub

Soft Skills

Adaptability , Team-player , Problem-Solving , Communication

Projects

Fresh-Bites

Feb 2025 - April 2025

- Built a recipe and ordering website with multiple pages using HTML, CSS, and JavaScript that works well on all devices.
- Added features like selecting ingredient quantity and a working cart using local-Storage to save data.
- Created an admin dashboard to track user logins and see order history clearly.
- Added filter options for recipes and a dark mode toggle to make the website easier to use and more engaging for users.
- Applied CSS styles and transitions to make the website look better and improve how users interact with it.

Secure E-voting System using Iris Recognition

Nov 2025 - Jan 2025

- Engineered a secure voting platform using iris biometric recognition and smart card authentication to prevent voter fraud and duplication.
- Developed an integrated identity verification module combining hardware and software to ensure real-time validation and seamless user interaction.
- Applied robust encryption techniques to protect voter data and maintain confidentiality throughout vote casting and transmission.
- Automated vote tallying and result generation processes to improve election accuracy and trustworthiness.

Internship

SV Mind-Logic: (Front-End Intern)

Oct 2022 - Nov 2022

- Developed Static web applications using HTML, CSS, JavaScript, improving user experience.
- Developed a front-end academic note-sharing platform enabling students to access notes.

J-Spider : (Java Full Stack Developer)

Feb 2025 - July 2025

- Worked on a **Fresh-Bites Online Recipe Helper E-Commerce Website**, where I developed features like recipe search, user-friendly Interface, and shopping cart integration using Java Full Stack technologies.

Achievements:

- Secured and certified as the best coder of the week in java programming at J Spider
- Certified in Naukri Quiz Competition, showcasing problem-solving skills.
